Disclaimer

For comparative purposes, the 3Q10, YTD 2011 and 2010 figures were prepared on a combined basis. Thus, the quarterly and annual variations presented may differ from those reported in the financial statement filed with CVM through the form Quarterly Information – ITR.

This presentation may contain forward-looking statements concerning future prospects and objectives regarding growth of the subscriber base, a breakdown of the various services to be offered and their respective results. The exclusive purpose of such statements is to indicate how we intend to expand our business and they should therefore not be regarded as guarantees of future performance.

Our actual results may differ materially from those contained in such forward-looking statements, due to a variety of factors, including Brazilian political and economic factors, the development of competitive technologies, access to the capital required to achieve those results, and the emergence of strong competition in the markets in which we operate.

Agenda

01 Operating Performance

02 Financial Performance

03 Strengths and Goals

01

Operating Performance

Our innovative and unique products are our drivers for growth

Launch of the new recharge campaign **Vivo Sempre** in July 28.

Enhancement of recharges volume and maintenance of the market share

Currently available throughout the country **Vivo Direto** had the first launch in Curitiba in June 7.

Capture of half of the **net additions** in the segment

Vivo Fixo and Vivo Box were launched in Porto Alegre/RS and metropolitan region totaling 31 cities available from October 7.

Increased integration of the **services** available to our customers

Convergent offer of **Fixed and Mobile Broadband** from October 18

This quarter's performance reflects our commitment to this growth

A quarter of strong commercial activity

and launching of new products

National launching of **Vivo Direto** and **Vivo Sempre** campaigns

with efficient management of costs associated to growth

*includes subsidy, commission, publicity and Fistel tax.

and non-commercial cost control

In the third quarter we continued to increase our customer base in a fast pace, especially on the mobile market

Source: Anatel.

* Considers 150 thousand customers of TVA, consolidated in June 2011.

We have increased our leadership in both postpaid and data segments, resulting in an annual growth acceleration of the mobile ARPU

Source: Anatel.

3G coverage already reaches 1,557 municipalities

Fixed voice customer base remains stable through growth in the corporate segment and higher adoption of duos and trios

Accesses of Fixed Voice and Broadband

Growth of fixed voice accesses in the corporate segment

% of fixed broadband accesses over fixed voice accesses

Pay TV accesses

* Considers 150 thousand customers of TVA, consolidated in June 2011.

The operational performance combined with the integration process has led to higher net profitability in the quarter
